During the ASM you have the opportunity to promote your product and/or service to 1000+ influential decision makers, and have a chance to develop relationships with new customers. Exhibiting at the ASM provides an excellent platform for face to face engagement which is the key to building strong business relationships and increasing sales.

Stand out from the crowd
This is a niche market. Exhibiting at the ASM provides a significant way to create competitor differentiation. By coming on board at the RANZCR 2018 ASM, you will stand out above the rest of the marketplace. Creating a unique and dynamic exhibition space, will also ensure you stand out from the crowd within the crowd.

Maximise your time, engage your team
The ability to showcase your product and/or service to so many influential delegates under the one roof maximises your team’s time and effectiveness. The ASM provides the opportunity to bring your sales team from across Australia and New Zealand together and share ideas and thoughts with each other. Why not consider a national team meeting being held pre or post the ASM to embrace this opportunity?

Heightened visibility
By exhibiting you will have significant exposure prior to the event through the ASM website, conference marketing materials and through the RANZCR’s magazine Inside News. There is no better way to position your organisation to more than 1000+ radiologists, radiation oncologists and health professionals from across Australia and New Zealand.

Enhanced image
If you want to improve how you are perceived in the sector and raise your profile, exhibiting at an event that appeals to this target audience is likely to shape attitudes and help generate a positive reaction. As an exhibitor at the RANZCR 2018 ASM, you will have the chance to enhance your organisation’s reputation as an industry supporter and demonstrate your commitment to education excellence. The ASM also will allow your organisation to stay up to date with current developments in the field or Clinical Radiology and Radiation Oncology and help with your competitor advantage.
